

SUNNYLAND NEWS FLASH

FEB 15, 2018

The Sunnyland Show is rapidly approaching and you will not want to miss this spectacular event!!

I know most of you are aware of the fact that the Hurricane destroyed all our docks at Tavares, but don't let that hinder you from attending. We are desperately working to have approximately 25 temporary docks for the event. In addition, the city has authorized us to use the existing pilings and between the Beach, Docks, and Pilings we should be able to accommodate several Boats in the water.

We realize how important it is for the people who travel long distances to attend our show and use their boats. As an option, you can register for the show and launch your boat at Mount Dora or Buzzards Beach or one of the ramps on the attached map. Travel by boat to the show, we will have a small dock for unloading/loading and we will direct you to one of the three options. We will have a Dingy and a Pontoon Boat available to pick you up and bring you ashore.

We have a great venue this year and all of the Sunnyland Volunteers have gone the extra mile to make the show fun and exciting----The City of Tavares has rolled out the Red Carpet at the Pavilion for an Welcome Reception on Thursday Evening and they will provide an update on the plans for the new Water Front-----The ACBS symposium will be hands on and very educational---We have hired two spectacular Beach Bands for Friday and Saturday and the Friday Nights Captains Party will feature a Beach theme. Saturday Nights Dinner is hosted by Carrabas and this will be the best meal you will ever experience at a Boating event.

Another first for the Sunnyland Show is teaming up with the Re-Noun Festival of Speed and we will have an outstanding display of Exotic cars for your viewing pleasure---We have many new Vendors and we will be joined by the Amphicars on Saturday along with the Central Florida Woody Car Club.

I can promise you, you don't want to miss this Spectacular Beach Party!!!!

This is the only year you will be able to put on your Beach Attire---listen to Beach Music---sit in a Beach Chair and enjoy the Florida weather.

- Go on line and register for Land Display
- Use one of the launch ramps on the map
- We will not launch boats at the show site
 - Arrive at the show by Boat
- We will have crew to receive you and assist you
